PROCEEDING CATEGORY:	Telephone Conference(Other Proceeding Non-evidentiary);
MINUTE TEXT:	<p>The parties updated the Court as to the status of service on Defendants. Plaintiff will file a motion for preliminary injunction by August 30, 2017; Defendants' responses are due by September 5, 2017. At the time of filing this motion, Plaintiff is to identify a reasonable timeframe for having the hearing and a short burst of discovery. By close of business on Friday, August 25, 2017, Defendants are to send the Court their schedules for accomplishing the tasks necessary to hold the election (e.g. estimates as to how long is needed to program the voting machines and how far in advance each jurisdiction creates their ballots). These can be separate or joint submissions. By Friday, August 25, 2017, Defense counsel should send Plaintiffs a letter indicating the extent to which they plan to reassert the same arguments as in their previous motions to dismiss. The State Defendants will file a motion to dismiss by Tuesday, August 29, 2017; they may have 50 pages for this motion and Plaintiffs may have 50 pages for their response that is due by Tuesday, September 5, 2017. The County Defendants indicated they may adopt many of the State Defendants arguments, but will file their own separate motions to dismiss; any such motions are due by Tuesday, August 29, 2017. The Court indicated it would not authorize expedited discovery until it reviews the forthcoming motion for preliminary injunctions and motions to dismiss. The parties are to identify any prospective relief issues they believe are not barred. By Thursday, August 31, 2017, Defendants are to provide Plaintiffs the serial numbers for the machines used in the various precincts so that Plaintiff can determine a sample for testing.</p>
